OBJECTIVE

BS Data Science and Applications student at IIT Madras with hands-on Python and web basics, aiming for a software engineering role at a leading product-based tech company and to contribute to open source through Google Summer of Code.

EDUCATION

BS in Data Science and Applications — Currently pursuing

Indian Institute of Technology Madras · Foundation level — CGPA: 7.17 / 10

TECHNICAL SKILLS

Programming	Python, C# (basics)
Web	HTML, CSS
Tools	VS Code, GitHub
Currently learning	JavaScript
Languages	Hindi, English

PROJECTS

Portfolio Website | Live site · Code

- Personal portfolio built with HTML and CSS and hosted on GitHub Pages.
- Sections for Work, About, Skills and Contact.

Python Practice Programs | Code

- 35+ programs covering loops and conditionals, number checks (prime, palindrome, narcissistic, perfect square), factorial and Fibonacci.
- Practised strings, lists, dictionaries, file handling and OOP basics.
- Built small utilities, including a restaurant bill program and a YouTube video downloader.

GOALS AND INTERESTS

- Practising competitive programming and LeetCode-style problems to prepare for Google Summer of Code and technical interviews.
- Interests: Python development, web development, machine learning.
